Conference theme: Resilience!

- **Resilience** to fight against laws that codify stigma, discrimination and criminalization that restrict gender equality and access to human rights-based responses.

- **Resilience** to meet the challenges of a rapidly changing global health landscape and to persevere in the face of uncertainty.

- **Resilience** to insist on the fundamental human right to live with HIV in dignity and good health over a lifetime, to bounce back from adversity.
AIDS 2020 conference objectives

• Accelerate progress in the response by advancing HIV science, research and policy
• Shine a spotlight on the needs of populations left behind
• Renew and strengthen political commitment and resolve
• Promote and support the next generation
• Strengthen and underscore the commitment to an equitable HIV response
One Conference, two venues

- AIDS 2020 will be organized **across two venues simultaneously**: The Moscone Center and the Oakland Convention Center.
