

Towards an HIV Cure: Engaging the Community Workshop

Saturday 16 July 2016 | 9:00 – 12:10
Session Room 11, International Durban Convention Centre

The **Towards an HIV Cure: Engaging the Community Workshop** is aimed at those interested in learning more about the basis of current research directions and challenges for an HIV cure. The interactive workshop will discuss the research priorities outlined in the **IAS Global Scientific Strategy: Towards an HIV Cure 2016**, and will include an interactive community panel discussion on key topics pertinent to HIV cure research.

In partnership with AVAC, EATG, Martin Delaney CAB, TAG, Sidaction.
