FORUM

The International AIDS Society

World's leading independent association of professionals working in HIV, governed by a group of international experts

Promotes the priorities of its members through strategic communications, advocacy, and global convening; these priorities are:

- Towards an HIV Cure
- Paediatric HIV (CIPHER)
- HIV Co-Infections
- Key Populations

Benefits from overarching tools:

- Journal of the International AIDS Society (JIAS)
- Industry Liaison Forum (ILF)

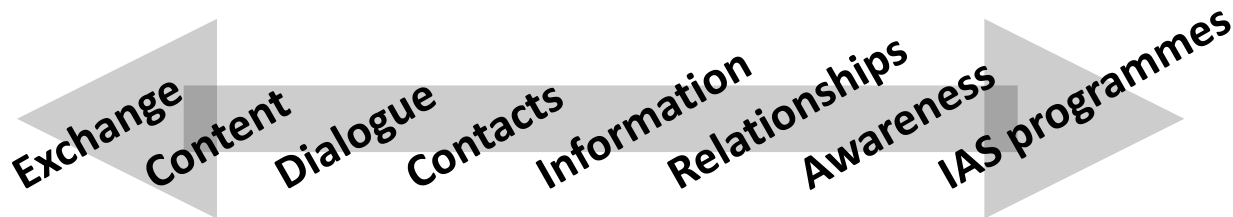

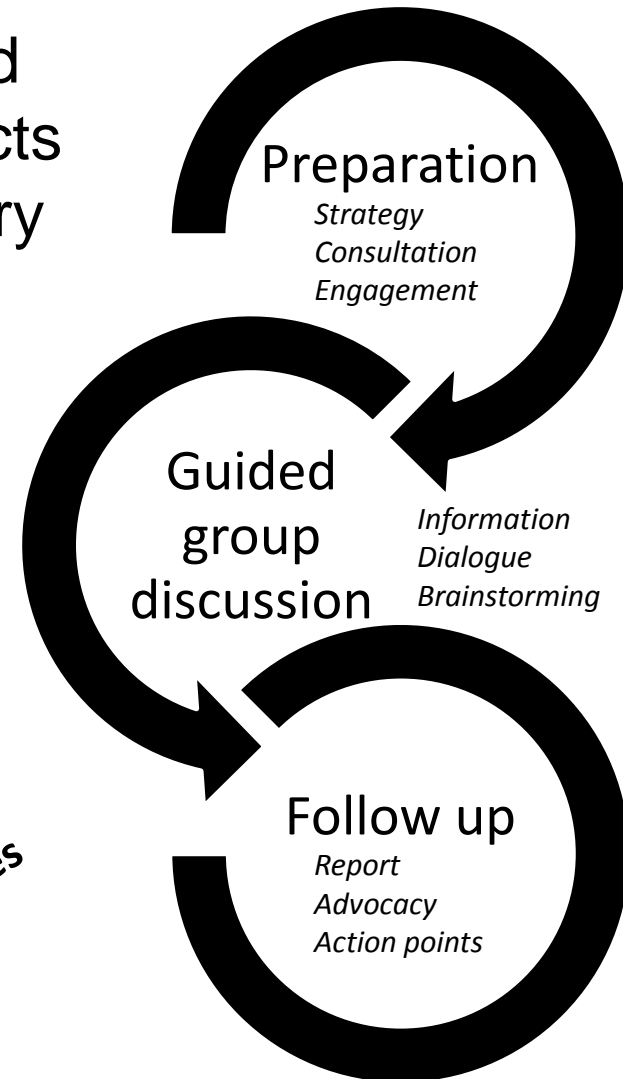

INDUSTRY
