

## **ILF roundtable**

### ***Rapid access to new technology and reaching the unreached***

Organized by the International AIDS Society's (IAS) Industry Liaison Forum (ILF)  
Tuesday, 24 July 2018, 18:00 – 21:30  
Room F002-004, RAI Amsterdam, the Netherlands

### **Concept**

The International AIDS Society's Industry Liaison Forum is pleased to welcome you to a thematic roundtable on "Rapid access to new technology and reaching the unreached".

In line with UNAIDS 90-90-90 targets, by 2020, 90% of all people living with HIV will know their HIV status, 90% of all people with diagnosed HIV infection will receive sustained antiretroviral therapy (ART), and 90% of all people receiving ART will achieve viral suppression. Diagnostic tests are essential to achieve these targets: they form the basis for accurate diagnosis and management of HIV disease and related opportunistic infections. However, many questions remain regarding the optimal pathways for diagnostic test approval, monitoring schema, and equity in global access.

#### Format and topics covered

In conjunction with the 22nd International AIDS Conference (AIDS 2018), the ILF roundtable aims to stimulate multi-stakeholder discussions to address the following questions:

- What can be done to speed the pathways to diagnostic test approval and implementation?
- How do we reach equity in access to state of the art diagnostics?

#### Objectives

The main objectives for this discussion are to:

- Review important issues around access to diagnostics
- Provide a multi-stakeholder platform for exchange on challenges and solutions to ensure rapid and equitable access to new diagnostic technologies
- Develop a statement on approaches to expedite access to proven - both analytically and in terms of impact – diagnostic technologies.

Thanks for your active participation!

#### About the Industry Liaison Forum

The IAS Industry Liaison Forum (ILF) works to promote and facilitate the full contribution of the biomedical industry to the global HIV response. By organizing a number of bespoke meetings on key topic areas, the ILF brings to the foreground the contribution of an interdisciplinary group on current and emerging issues. The ILF also builds on its collaboration platform to address a range of issues in paediatric HIV and regulatory affairs. A multi-stakeholder ILF Advisory Group guides this work. Please refer to the ILF guidance on "Key considerations: Compliance with competition rules" ([here](#)) for basic rules of engagement for this meeting.

## ILF roundtable

### ***Rapid access to new technology and reaching the unreached***

Organized by the International AIDS Society's (IAS's) Industry Liaison Forum (ILF)

Tuesday, 24 July 2018, 18:00 – 21:30

Room F002-004, RAI Amsterdam, the Netherlands

### Agenda

18:00 – 18:30	Light dinner buffet
18:30 – 18:35	<b>Welcome and opening remarks</b> <b>Rapid access to new technology and reaching the unreached</b> <i>Co-chairs: Ken Mayer (The Fenway Institute, IAS Governing Council)</i> <i>Duncan Blair (Abbott)</i>
18:35 – 18:45	<b>Time, money, opportunity cost, risks and decision-making:</b> <b>What is innovation?</b> <i>Speaker: Philippe Jacon (MedTech Europe)</i>
18:45 – 18:55	<b>Piloting, measuring impact and scaling up innovation:</b> <b>What are the barriers?</b> <i>Speaker: Jennifer Cohn (EGPAF)</i>
18:55 – 19:05	<b>Global health and impact on individual people's life:</b> <b>What does delayed access really mean?</b> <i>Speaker: Solange Baptiste (ITPC)</i>
19:05 – 19:30	<b>Break</b>
19:30 – 20:10	<b>Open-floor discussion I</b> <b>What can be done to speed the pathways to diagnostic test approval and implementation?</b> <i>Facilitator: George Siberry (S/GAC)</i>
20:10 – 20:50	<b>Open-floor discussion II</b> <b>How do we reach equity in access to state of the art diagnostics?</b> <i>Facilitator: Catharina Boehme (FIND)</i>
20:50 – 21:00	<b>Summary and closing comments</b> <b>Approaches to expedite access to proven diagnostic technologies</b> <i>Co-chairs: Ken Mayer (The Fenway Institute, IAS Governing Council)</i> <i>Duncan Blair (Abbott)</i>
21:00 – 21:30	Networking reception for continued discussion
